Market Harborough Building Society refreshes its Kibworth Branch

Market Harborough Building Society has recently refurbished its Kibworth branch. The branch stayed open throughout the refurbishments and the Society would like to celebrate this and let people know that they are 'here to stay'. The Kibworth branch has been refurbished to offer a more comfortable and friendly environment for customers, now with a private interview room.

The week will include an 'Artist at Work' session by Robert Lodge, a local Kibworth artist on Monday 27th June, a children's colouring competition running all week, cakes in branch, an open day with whole-of-market financial adviser, Mark Hipkiss, on Friday 1st July, and a free raffle to win a family day out to a local destination, again running all week.

- ENDS -

Market Harborough Building Society was established in the south Leicestershire town of Market Harborough in 1870. The Society has grown steadily and prudently over the last 141 years and as at the end of 2010 had assets exceeding £430m, 51,000 savings accounts and 4,365 mortgage accounts.
