

## MHBS Extends Network

Market Harborough Building Society is delighted to announce the opening of a new agency on 4<sup>th</sup> May in the market town of Lutterworth, located within Airborne Financial Services on the High Street.

As a strong regional building society with roots firmly in our local area, we understand how important the personal touch can be when it comes to arranging your financial affairs. Lutterworth now extends the network of local branches to 8 and includes Market Harborough, Kibworth, Desborough, Rothwell, Kettering, Corby, Earls Barton and Lutterworth.

The opening of Lutterworth allows us to offer local counter services to our existing strong base of members within the area, as well as providing a valuable additional service to new customers.

Mark Robinson, Chief Executive said, "Our focus on our local network is important so that we can continue to provide the personal service so often missing from larger institutions. The partnership with Airborne Financial Services offers mutual benefits to both businesses whilst more importantly enabling us both to offer an excellent local service to the residents of Lutterworth and surrounding villages".

Subhash Bhundia, Principal of Airborne Financial Services states, "We are thrilled to be working with such a well established and respected local provider of financial services. Market Harborough Building society and the values it embodies is a perfect fit for our existing Independent Financial Advice offering."
